Hi guys!

- 10 I'm Denise and I am the daughter of Ray Cherche, the famous detective. I would like to tell you about my life at school and I hope you enjoy my little story 😊. This is my timetable:

| Time | Monday | Tuesday | Wednesday | Thursday | Friday |
|----------------|--------------------|-----------|--------------------|----------|------------------------|
| 1. 8:00-9:00 | Art | Math | History | Math | Enrichment |
| 2. 9:10-10:10 | English | English | Geography | German | English |
| Breakfast | | | | | |
| 3. 10:30-11:30 | Math | Biology | Technology | English | Information Technology |

I know it seems a lot, but it is a lot of fun too because we do many projects and day trips. Sadly, we do very few class trips. After school, I do a lot of sport like playing tennis or basketball. What do you do after school?

My best friend is Lilly. She is the daughter of Ms. Banks. We have a lot of fun. My other friends are Mary, Peter and Paul. Together we

25 often play basketball after school. We also like to hang out.

Oh my god! I have to go because I'm late for class. What time does your first class start? Do you also have Math in the third lesson on Mondays? What is your favourite subject? My favourite subject is English, but I hate Biology. Which subject do you hate? Please write me.
