It is the summer. Pupils are coming back to school. They are happy to see all the other kids – and some of the teachers too 😊. But read the dialogue yourself:

Robert: Hi guys! So good to see you!! How was your summer?

5 Melanie: It was great! My family and I went to the lake almost every day. So I went swimming a lot.

10 Valid: I had a fantastic time too. My uncle and aunt from Russia came to visit us. We had barbecues and played many games. How

were your holidays, Robert?

15 Robert: At first, it was only ok because I had to do a lot of chores like mowing the lawn, doing the dishes, taking out the trash. But then I had a lot of time for myself and met friends. We went to the public swimming pool. It was awesome!!

The three friends have to go to their classes. In the end, they all go home. Their parents are already waiting for them:

25 Mother: Hey Mel, how was your first day at school? Did you have a good time?

30 Melanie: Hi mom. Yeah, it was ok. We had English in the first lesson, Math in the second and Physical Educa-

tion in the third and fourth lesson.

Mother: What about your friends?

35 Melanie: Oh mom, that was great! I was so happy to see them all. Robert and I joined the drama club together and

Valid joined the basketball club.

Mother: That sounds great. When I went to school I joined the volleyball club and the

5

chess club. I think your father joined the Math club.

Melanie: The Math club?? Oh that sounds so boring...

Her father comes into the kitchen. He heard what Melanie said.

10 Father: It wasn't that boring. We had a lot of fun. Our teacher let us plan almost

15

everything. That was really fun because we could decide what to do.

At the same time at Robert's home. He is talking to his father.

Robert: Dad! I'm home!

Father: Hi son! How was your first day?

Robert: Cool. I saw all my classmates again. But the best thing was that we could

20

plan what to do in the drama club.

Father: So what are your plans?

25 Robert: I'm not so sure, but I want to work on my acting skills. Then I'd like to learn how to learn my part.

The same afternoon at Valid's home. He is talking to his grandma.

30 Grandma: Hello Valid. How was your first day at school?

Valid: Hi grandma. Well, I met my friends. That was great. But in the lesson we talked about school rules. That was quite boring because we know all the rules already.

other. We can ask the teacher questions, but we have to raise our arm. We are not allowed to use our phones at school.

Grandma: I know that it sounds boring, but don't you think that they make sense?

50

Grandma: Tell me about it.

Valid: We have to put the trash into the trash bin. We mustn't fight with each

40

Valid: Yeah, you are right. But I don't have to like it... 😊.
